1. Mrs. Kettleson Updates:
  - a. SBAC Tutoring is going well during the school day, but participation is low for students after school and on Fridays.
  - b. Lumos Learning pre-tests are currently being administered at school during the student's tech class. There is some glitches within the program that we have noticed and we are working with the Lumos Learning tech people to get them fixed. Student login info will be sent home in the near future.
  - c. Any informative letters sent home to parents from Mrs. Kettleson are being approved by our lawyer to ensure accurate information about the status of our school.
  - d. SBAC testing for students in grades 3-8 will be April 19th-May 11th. ACT Aspire testing for students in grades 4-7 will be May 8th-May 24th.
  - e. There are two board meetings scheduled for the Charter Authority. One on March 31st and one on April 28th. Our lawyer has suggested that parents speak at the meetings about how Discovery has affected their student's life.
  - f. We are expected to turn in our School Improvement Plan to the state on March 24th. Mrs. Kettleson may ask for an extension, this will allow her the opportunity to interview and possibly present a consultant candidate to the board that could help her make sure the SIP is adequate.
2. Parent feedback on progress reports were very positive.
