10. June 6th is field day and last day of school.

Mrs. Kettleon Updates

1. The RFP for board members and/or operators has been sent out to our families. Applicants must apply to the charter authority directly, so we have not been aware of who or how many have applied.
2. There has been a gentleman that applied to be an operator and take over operations of Discovery. He would be the main principal and there would be 2 assistant principals that rotate between campuses.
3. With the exception of some make up tests occurring today, the SBAC/ACT testing is complete. We have 4 8th graders that will take the end of course math test next week.
4. Parent question about if all teachers are returning. We have 12 openings between both campuses that include both teachers and staff.
